- All cast members needed all the time
- All stage crew needed all the time
- One parent from props team needed all the time
- Support from Costume/Dressing/Makeup/Hair teams needed Sunday
- Rehearsal Support team if you can take shifts it would be a help.  
We need help to mic and unmic the kids.

In addition, there are always many unspecified but necessary tasks from organizational, to punch list and other needs. If you can come either day there will be task lists of things to do. It will be fun.

**Jody still needs help with make-up duties!** This involves getting the kids ready for the show every night. Please contact [Jody](#) directly if you can help.
