## On-Wall Drinking Fountains & Bottle Fillers

8 products

On-wall drinking fountains and bottle fillers provide single- or bi-level access to water. These fountains mount at user-desired heights and are available separately or combined with bottle fillers for indoor use. Bottle fillers reduce single-use plastic bottles and cups.

### Two-Level Drinking Fountains with Bottle Fillers

These bi-level drinking fountains dispense water from a built-in bottle filler or bubbler, which is also known as a spout or nozzle. They have two stations arranged at different heights.

- ADA Compliant: Yes
