Re: RFQ/P #NTF-01 – Sports Engineering Services

Dear Architectural Pool of Respondents.

On behalf of the Woodside Elementary School District and TELACU Construction Management, we would like to thank your firm for submitting a Statement of Qualifications in response to RFQ/P #NTF-01 for Sports Engineering Services.

The District received several strong and competitive submissions from qualified firms. Following a comprehensive evaluation of qualifications, relevant project experience, technical expertise, project approach, Division of the State Architect (DSA) experience, and overall value to the District, the selection committee has completed its review process.

After careful consideration, the District has elected to proceed with Lloyd Sports + Engineering for the anticipated sports engineering services.

We sincerely appreciate the time, effort, and professionalism demonstrated by your team throughout the RFQ process. Your firm's experience and qualifications were recognized and valued during the evaluation

The District appreciates your interest in working with Woodside Elementary School District and encourages your participation in future District opportunities.

Thank you again for your submission and continued interest in supporting Woodside Elementary School District projects.

Sincerely,

Jesse Hildebrandt

Sr. Project Manager/Bond Manager

TELACU Construction Management
