

# Expanded Learning Opportunities Grant Plan

Local Educational Agency (LEA) Name	Contact Name and Title	Email and Phone
Woodside Elementary School District	Steven Frank Superintendent	sfrank@woodsideschool.us (650) 851-1571 Ext. 4005

The following is the local educational agency's (LEA's) plan for providing supplemental instruction and support to students, including those identified as needing academic, social-emotional, and other supports, including the provision of meals and snacks. The plan will explain how the LEA will use the funds it receives through the Expanded Learning Opportunities (ELO) Grant to implement a learning recovery program for at least the students included in one or more of the following groups: low-income students, English learners, foster youth, homeless students, students with disabilities, students at risk of abuse, neglect, or exploitation, disengaged students, and students who are below grade level, including, but not limited to, those who did not enroll in kindergarten in the 2020–21 school year, credit-deficient students, high school students at risk of not graduating, and other students identified by certificated staff.

For specific requirements please refer to the Expanded Learning Opportunities Grant Plan Instructions.

## Plan Descriptions

A description of how parents, teachers, and school staff were involved in the development of the plan.

This plan was run through multiple constituency groups for feedback during development. Parents: SST, SSC, DELAC, WIDC, and 1-1 meetings with parents of students with needs. Teachers: SST, SSC, DELAC, WIDC, grade level meetings and articulation, department meetings, and soliciting direct feedback on eligible and recommended student. School staff: consultation and collaboration with staff members that support the food nutrition program, transportation services, and mental health services.

A description of how students will be identified and the needs of students will be assessed.

- An Extended Summer program specialized for students with IEPs at risk for regression. Woodside School District is offering a 3 week extended instructional learning program for all those students who meet the criteria mentioned on the previous page. The program is designed to expand the learning time and instructional opportunities for students. This program will be run by certificated and classified personnel. It aims to increase and improve student academic performance and support the mental health, social-emotional skills of the students attending. This program will also provide transportation and lunch to all students.
- An Extended Learning Program: Students with IEPs who do not qualify for the program mentioned above, which will include students receiving reading intervention support, English Language Learners, students with 504s, students who have been SST'd (below grade level students), disengaged students, vulnerable students who are from low socioeconomic households or who are at risk or abuse, neglect, or exploitation, students without access to technology in the home, students who are foster youth or experiencing

homeless (no students currently apply), students who need access to mental health supports. - Extended Summer School program that will run for a total of 20 days specialized for students with learning disabilities and ELL that are significantly below grade level. These supports are provided in addition to those regularly provided by the District. Specifically, this program includes more staff to lower the student-teacher ratio and provide more individualized and personalized instruction to close the learning gaps. Also, the program will be longer in its duration than the regular ESY program or student's ESY service minutes. Students will also be provided with one-to-one speech and occupational therapy services by certificated and classified staff to accelerate these students learning. Transportation and lunch will also be offered to these students and families.

- Students will also be offered afterschool programs three times a week to support their continued learning. Transportation will be provided to them.

A description of how parents and guardians of students will be informed of the opportunities for supplemental instruction and support.

Both Extended Learning Programs will be invited based on the student meeting eligibility through the criteria established for qualification for the programs. Parents and guardians will be contacted by phone, letters mailed home, and emails. This process will be discussed at a Board meeting prior to contacting these parents so that the community can ask questions and provide feedback. After students are invited to participate, we will hold information sessions for eligible families to review logistics and prepare students for the programs.

A description of the LEA's plan to provide supplemental instruction and support.

- Purchase instructional materials including phonics programs for summer school and ALEKS math support licenses for students.
- Hiring general education teachers, resource specialists, and paraeducational as well as other specialists to run the extended summer learning programs. The supplemental instruction will include academic supports in the areas of students' needs, including but not restricted to, reading, writing, math, English language development, and social and emotional learning.
- Supplemental support such as nutrition, transportation, and mental health support will be embedded within the instructional plan.
- Hiring an additional paraprofessional to provide supplemental instruction and support through the duration of the school year.
- Paraeducator training on reading intervention to increase their skill level to support students with learning disabilities, English Language Learners, and students with reading difficulties.
- As a result of the information gathered by parents and teachers as well as other community stakeholders, Woodside identified the need to design a Social-Emotional and Mental Health professional development for staff. This PD includes 10 sessions to be provided throughout the school year) designed to understand the impact of social-economic, racial disparities of our children and families in learning and achievement. It aims to provide a trauma-informed lens to teachers when teaching students and designed uniquely tailored to improve the outcome of all students.

# Expenditure Plan

The following table provides the LEA's expenditure plan for how it will use ELO Grant funds to support the supplemental instruction and support strategies being implemented by the LEA.

Supplemental Instruction and Support Strategies	Planned Expenditures	Actual Expenditures
Extending instructional learning time	108000	
Accelerating progress to close learning gaps through the implementation, expansion, or enhancement of learning supports	2000	
Integrated student supports to address other barriers to learning	34000	
Community learning hubs that provide students with access to technology, high-speed internet, and other academic supports	n/a	
Supports for credit deficient students to complete graduation or grade promotion requirements and to increase or improve students' college eligibility	n/a	
Additional academic services for students	21000	
Training for school staff on strategies to engage students and families in addressing students' social-emotional health and academic needs	45000	
Total Funds to implement the Strategies	210000	

<b>Supplemental Instruction and Support Strategies</b>	<b>Planned Expenditures</b>	<b>Actual Expenditures</b>

A description of how ELO Grant funds are being coordinated with other federal Elementary and Secondary School Emergency Relief Funds received by the LEA.

The district will use the ELO funds to supplement ESSER funds to support programs intended to help students access high quality curriculum, in a safe and healthy environment. Including Social and emotional learning, safe and clean facilities.

# Expanded Learning Opportunities Grant Plan Instructions: Introduction

The Expanded Learning Opportunities Grant Plan must be completed by school districts, county offices of education, or charter schools, collectively referred to as Local Educational Agencies (LEAs), that receive Expanded Learning Opportunities (ELO) Grant funds under California *Education Code (EC)* Section 43521(b). The plan must be adopted by the local governing board or body of the LEA at a public meeting on or before June 1, 2021, and must be submitted to the county office of education, the California Department of Education, or the chartering authority within five days of adoption, as applicable. The plan must be updated to include the actual expenditures by December 1, 2022.

*For technical assistance related to the completion of the Expanded Learning Opportunities Grant Plan, please contact*  
[ELOGrants@cde.ca.gov](mailto:ELOGrants@cde.ca.gov).[lcff@cde.ca.gov](mailto:lcff@cde.ca.gov)

## Instructions: Plan Requirements

An LEA receiving ELO Grant funds under *EC* Section 43521(b) is required to implement a learning recovery program that, at a minimum, provides supplemental instruction, support for social and emotional well-being, and, to the maximum extent permissible under the guidelines of the United States Department of Agriculture, meals and snacks to, at a minimum, students who are included in one or more of the following groups:

- low-income,
- English learners,
- foster youth,
- homeless students,
- students with disabilities,
- students at risk of abuse, neglect, or exploitation,
- disengaged students, and
- students who are below grade level, including, but not limited to, those who did not enroll in kindergarten in the 2020–21 school year, credit-deficient students, high school students at risk of not graduating, and other students identified by certificated staff.

For purposes of this requirement

- “Supplemental instruction” means the instructional programs provided in addition to and complementary to the LEAs regular instructional programs, including services provided in accordance with an individualized education program (IEP).
- “Support” means interventions provided as a supplement to those regularly provided by the LEA, including services provided in accordance with an IEP, that are designed to meet students’ needs for behavioral, social, emotional, and other integrated student supports, in order to enable students to engage in, and benefit from, the supplemental instruction being provided.
- “Students at risk of abuse, neglect, or exploitation” means students who are identified as being at risk of abuse, neglect, or exploitation in a written referral from a legal, medical, or social service agency, or emergency shelter.

*EC* Section 43522(b) identifies the seven supplemental instruction and support strategies listed below as the strategies that may be supported with ELO Grant funds and requires the LEA to use the funding only for any of these purposes. LEAs are not required to implement each supplemental instruction and support strategy; rather LEAs are to work collaboratively with their community partners to identify the

supplemental instruction and support strategies that will be implemented. LEAs are encouraged to engage, plan, and collaborate on program operation with community partners and expanded learning programs, and to leverage existing behavioral health partnerships and Medi-Cal billing options in the design and implementation of the supplemental instruction and support strategies being provided (*EC* Section 43522[h]).

The seven supplemental instruction and support strategies are:

1. Extending instructional learning time in addition to what is required for the school year by increasing the number of instructional days or minutes provided during the school year, providing summer school or intersessional instructional programs, or taking any other action that increases the amount of instructional time or services provided to students based on their learning needs.
2. Accelerating progress to close learning gaps through the implementation, expansion, or enhancement of learning supports including, but not limited to, any of the following:
  - a. Tutoring or other one-on-one or small group learning supports provided by certificated or classified staff.
  - b. Learning recovery programs and materials designed to accelerate student academic proficiency or English language proficiency, or both.
  - c. Educator training, for both certificated and classified staff, in accelerated learning strategies and effectively addressing learning gaps, including training in facilitating quality and engaging learning opportunities for all students.
3. Integrated student supports to address other barriers to learning, such as the provision of health, counseling, or mental health services, access to school meal programs, before and after school programs, or programs to address student trauma and social-emotional learning, or referrals for support for family or student needs.
4. Community learning hubs that provide students with access to technology, high-speed internet, and other academic supports.
5. Supports for credit deficient students to complete graduation or grade promotion requirements and to increase or improve students' college eligibility.
6. Additional academic services for students, such as diagnostic, progress monitoring, and benchmark assessments of student learning.
7. Training for school staff on strategies, including trauma-informed practices, to engage students and families in addressing students' social-emotional health needs and academic needs.

As a reminder, *EC* Section 43522(g) requires that all services delivered to students with disabilities be delivered in accordance with an applicable IEP.

## Fiscal Requirements

The following fiscal requirements are requirements of the ELO grant, but they are not addressed in this plan. Adherence to these requirements will be monitored through the annual audit process.

- The LEA must use at least 85 percent (85%) of its apportionment for expenditures related to providing in-person services in any of the seven purposes described above.
- The LEA must use at least 10 percent (10%) of the funding that is received based on LCFF entitlement to hire paraprofessionals to provide supplemental instruction and support through the duration of this program, with a priority for full-time paraprofessionals. The supplemental instruction and support provided by the paraprofessionals must be prioritized for English learners and students with disabilities. Funds expended to hire paraprofessionals count towards the LEAs requirement to spend at least 85% of its apportionment to provide in-person services.

- An LEA may use up to 15 percent (15%) of its apportionment to increase or improve services for students participating in distance learning or to support activities intended to prepare the LEA for in-person instruction, before in-person instructional services are offered.

## Instructions: Plan Descriptions

Descriptions provided should include sufficient detail yet be sufficiently succinct to promote a broad understanding among the LEA's local community.

### A description of how parents, teachers, and school staff were involved in the development of the plan

Describe the process used by the LEA to involve, at a minimum, parents, teachers, and school staff in the development of the Expanded Learning Opportunities Grant Plan, including how the LEA and its community identified the seven supplemental instruction and support strategies that will be implemented. LEAs are encouraged to engage with community partners, expanded learning programs, and existing behavioral health partnerships in the design of the plan.

### A description of how parents and guardians of students will be informed of the opportunities for supplemental instruction and support.

Describe the LEA's plan for informing the parents and guardians of students identified as needing supplemental instruction and support of the availability of these opportunities, including an explanation of how the LEA will provide this information in the parents' and guardians' primary languages, as applicable.

### A description of how students will be identified and the needs of students will be assessed

Describe the LEA's plan for identifying students in need of academic, social-emotional, and other integrated student supports, including the LEA's plan for assessing the needs of those students on a regular basis. The LEA's plan for assessing the academic needs of its students may include the use of diagnostic and formative assessments.

As noted above in the Plan Requirements, "other integrated student supports" are any supports intended to address barriers to learning, such as the provision of health, counseling, or mental health services, access to school meal programs, before and after school programs, or programs to address student trauma and social-emotional learning, or referrals for support for family or student needs.

### A description of the LEA's plan to provide supplemental instruction and support

Describe the LEA's plan for how it will provide supplemental instruction and support to identified students in the seven strategy areas defined in the Plan Requirements section. As a reminder, the LEA is not required to implement each of the seven strategies; rather the LEA will work collaboratively with its community to identify the strategies that will be implemented. The plan must include a description of how supplemental instruction and support will be provided in a tiered framework that bases universal, targeted, and intensive supports on students' needs for academic, social-emotional, and other integrated student supports. The plan must also include a description of how the services will be provided through a program of engaging learning experiences in a positive school climate.

As a reminder, EC Section 43522(g) requires that all services delivered to students with disabilities be delivered in accordance with an applicable individualized education program. Additionally, LEAs are encouraged to collaborate with community partners and expanded learning programs, and to leverage existing behavioral health partnerships and Medi-Cal billing options in the implementation of, this plan (EC Section 43522[h]).

# **Instructions: Expenditure Plan**

The ‘Supplemental Instruction and Support Strategies’ column of the Expenditure Plan data entry table lists the seven supplemental instruction and support strategies that may be supported with ELO Grant funds.

Complete the Expenditure Plan data entry table as follows:

In the ‘Planned Expenditures’ column of the data entry table, specify the amount of ELO Grant funds being budgeted to support each supplemental instruction and support strategies being implemented by the LEA and the total of all ELO Grant funds being budgeted.

The plan must be updated to include the actual expenditures by December 1, 2022. In the ‘Actual Expenditures’ column of the data entry table the LEA will report the amount of ELO Grant funds that the LEA actually expended in support of the strategies that it implemented, as well as the total ELO Grant funds expended.

## **A description of how these funds are being coordinated with other federal Elementary and Secondary School Emergency Relief Funds received by the LEA**

Describe how the LEA is coordinating its ELO Grant funds with funds received from the federal Elementary and Secondary School Emergency Relief (ESSER) Fund provided through the federal Coronavirus Response and Relief Supplemental Appropriations Act of 2021 (Public Law 116-260), also known as ESSER II, to maximize support for students and staff.
