INTRODUCTION

The San Mateo County Special Education Local Plan Area (SELPA) is a multi-district SELPA comprised of 32 Local Educational Agencies (LEAs) and the San Mateo County Office of Education (SMCOE). The SMCOE is considered a Local Educational Agency (LEA) for all purposes of this Local Plan except where referred to as the Responsible Local Agency (RLA) or the Administrative Unit (AU). In adopting the completed Local Plan, each LEA agrees to carry out the duties and responsibilities assigned to each agency within the Plan.

The purpose of the SELPA and its participating LEAs is to provide an educational program appropriate to meet the needs of each eligible child with a disability who resides within the Local Plan Area. Further, its function is to provide equal access and services to children with disabilities from birth to age twenty-two.

All such programs are to be operated in a cost effective manner consistent with the funding provisions of Education Code (*EC*) Section 56700 et. seq, Individuals with Disabilities Education Act (IDEA), other applicable laws and policies, and procedures of the SELPA.

GOVERNANCE

The governance structure of the SELPA is established by agreement among the governing boards of the member LEAs. It consists of the SELPA Governing Board, the Administrators' Council (AC) and the Community Advisory Committee (CAC). The SELPA Director may convene additional advisory committees. The SELPA Director is responsible for coordination of the SELPA and implementation of the Local Plan.

CHANGES IN GOVERNANCE STRUCTURE

Any changes in the governance structure of the San Mateo County SELPA, including dividing the SELPA into more than one operating entity, changing the designation of and/or responsibilities of the RLA or AU are subject to specific provisions of *EC* Sections 56140, 56195, et seq., 56195.7 et seq., 56200 et seq., and 56205 et seq.

- 1. Any local agency which is currently designated as a LEA participating in the San Mateo County Local Plan for Special Education may elect to pursue an alternative option from those specified in *EC* Section 56195.1 by notifying the appropriate county superintendent(s) at least one year prior to the date the alternative plan would become effective. (*EC* 56195.3 (b))
- 2. Any alternative plan of an LEA is subject to the approval of the county superintendent of the county or counties which would have LEAs as participating agencies in the alternative plan. (*EC* 56195.1)
- 3. Approval of a proposed alternative plan by the appropriate county superintendent must be based on the capacity of the LEA(s) to ensure that special education

- programs and services are provided to all children with disabilities. (EC 56140 (b))
- 4. If an alternative plan is disapproved by a county superintendent, the County office shall return the plan with comments and recommendations to the LEA(s). The LEA or LEAs participating in the alternative plan may appeal the decision to the State Superintendent of Public Instruction. (*EC* 56140 (b) (2))
- 5. Any alternative plan to be submitted by an LEA or a group of LEAs currently participating in the San Mateo County Local Plan for Special Education must meet the standards established by the State Board of Education (SBE) and not adversely affect the size and scope status of the current local plan geographic area.
- Any changes in the designation of the RLA for the San Mateo County Local Plan must conform to the above code provisions and the administrative provisions for approval as specified in the Local Plan.

Disagreements among the participating agencies of the San Mateo County SELPA Local Plan Area which cannot be resolved within the standard operating procedures specified in the local plan may be resolved in accordance with the SELPA Dispute Resolution Policy.

DESCRIPTION OF GOVERNANCE

In accordance with this provision the San Mateo County SELPA has developed a two-level policy development and approval process. The following description of the two-level governance structure is in operation at this time and shall continue to be the governance structure within the SELPA.

LEVEL I. Special Education Administrators Council

The SELPA Administrators' Council (AC) is comprised of representatives from each LEA and the County Office of Education (COE). The AC shall have responsibility to propose and review policies for the operation of special education programs/services. The SELPA AC may prepare and recommend areas for policy development to the SELPA Governing Board. The AC shall review each policy proposed based upon input from site administrators, general and special education teachers, other staff, school boards, the CAC, and other concerned community organizations as appropriate. Each proposed policy shall be written and disseminated to the AC members prior to the meeting at which a recommendation may be made. The AC shall forward each proposed policy to the SELPA Governing Board with the recommendation for approval, disapproval, or modification of proposed policy.

LEVEL II. SELPA Governing Board

The SELPA Governing Board has the responsibility of adopting necessary policies for the operation of SELPA activities, including, but not limited to, the implementation of the Local Plan for Special Education. The Governing Board is composed of eight members, seven of

whom are superintendent representatives appointed by the San Mateo County Superintendents Association and the other is the San Mateo County Superintendent of Schools.

The SELPA Governing Board is responsible for reviewing each proposed policy with the recommendations from the Administrators Council and the SELPA Director. It may initiate policy development as well. The SELPA Governing Board is also responsible for evaluating the SELPA Director on an annual basis.

After final action by the SELPA Governing Board, a copy of each adopted policy is sent to every LEA superintendent and the County Superintendent. Adopted policies also are disseminated at the Superintendents Association and the Administrators Council.

POLICY DEVELOPMENT PROCESS

Education Code requires that the Local Plan for special education specify the responsibilities of each participating LEA and county office governing board in the policymaking process, the responsibilities of the superintendents of each participating LEA and county in the implementation of the plan, and the responsibilities of LEA and county administrators of special education in coordinating the administration of the local plan.

SELPA policies, procedures, and local agreements necessary to support the implementation of the local plan, and as required by legal mandates, have been developed and are available upon request. These documents can be requested through the SELPA office.

PUBLIC PARTICIPATION

The SELPA Governing Board encourages public participation by posting meeting agendas 5 days ahead of time at all LEAs. The CAC Representative receives a copy of the agenda and the CAC representatives are provided meeting dates for the current school year. Each agenda has allocated time for input on non-agenda items and the public is also encouraged to provide input on agenda items.

Members of the public, including parents or guardians of students with disabilities, may address questions or concerns to the governing boards of each LEA, the SELPA Governing Board, the SELPA Director and/or the CAC.

The SELPA Director may convene special focus area committees as needed to ensure the appropriate operation of the SELPA business. Each committee may be convened as appropriate to the needs of the SELPA, and all committee meetings are open to interested LEA personnel. Committees that are convened by the SELPA Director may include:

Funding Advisory Committee

The Funding Advisory Committee shall include at least one chief business official and one LEA special education administrator from each representative zone of the SELPA Governing Board. Additionally the committee shall include at least one participant who is representing small school districts. Other LEA personnel, as interested, may participate. The committee is convened as determined necessary by the SELPA Director.

The purpose of the Funding Advisory Committee is to provide suggestions and recommendations to the SELPA Director regarding financial issues such as the Budget Allocation Plan, the Annual Budget Plan, the impact of budgets for regional programs on the provision of special education throughout the SELPA, and Maintenance of Effort (MOE) requirements.

Program Transfer Committee

The Program Transfer Committee shall include at least one Superintendent and one LEA special education administrator and the Director, Special Education Programs. Other LEA personnel, as interested, may participate. The committee is convened as determined necessary by the SELPA Director.

The purpose of the Program Transfer Committee is to provide assistance and recommendations to the SELPA Director regarding programmatic transfers from the SMCOE special education programs to resident LEAs.

Low Incidence Fund Committee

The SELPA distributes Low Incidence funds for the purchase of specialized equipment and services utilized by students with Low Incidence disabilities to ensure that each student who demonstrates need may receive these supports in their locally determined environment. Funds are allocated to member LEAs as specified through the Annual Budget Allocation Plan. The LEA is responsible for the receipt and expenditure of funds, maintenance of inventory, development of procedures for the exchange of equipment, and fulfilling state reporting requirements.

Funds for Low Incidence equipment, materials, and services are restricted to support of students in the following disability categories: hard of hearing, deaf, visually impaired, severely orthopedically impaired, and deaf-blind.

Special Focus Committees

The SELPA Director may convene informal special focus advisory committees in areas such as program development, adoption of student information systems,

development and revision of IEP forms, and interagency agreements. Each committee will meet only as long as necessary to complete a specific purpose.

COORDINATED SYSTEM OF CURRICULUM DEVELOPMENT AND ALIGNMENT WITH CORE CURRICULUM

All students with Individualized Education Programs shall have the opportunity to participate in the core curriculum. It is basic to ongoing school success and essential for successful participation in the community.

In order to improve the educational results for students with disabilities, the LEAs of the San Mateo County SELPA ensure that all students who require special education participate in the core curriculum. In order to facilitate that effort, our LEAs assure that all special education instructional personnel will participate in staff development opportunities in the area of core curriculum including:

- 1. Information about current literacy and learning research
- 2. Common Core State Standards
- 3. Increased participation of students with disabilities in statewide student assessments

- 4. Alignment of transition programming to Career and Technical Education (CTE)
- 5. Research and evidence based instructional strategies for a wide range of diverse learners including designated and integrated language development for multilingual learners.

Additionally, the SELPA promotes opportunities for collaboration with general education partners for training in inclusive pedagogy and instructional practices.

LEA Special Education Administrators shall assure that all students with disabilities shall have full access to:

- 1. All required core curriculum including state adopted and supplementary instructional materials.
- 2. Instructional materials, supports, and services in order that students with disabilities progress in state standards.
- 3. Access to appropriate technology to allow students with disabilities to participate in core instruction.

Our goals are to increase the participation of students with disabilities in statewide student assessments, to increase the percentage of children with IEPs' access to core instruction, and to decrease inappropriate referral and overidentification of students of color to special education.

UTILIZATION OF GENERAL EDUCATION RESOURCES

Each LEA shall ensure that a pupil is referred for special educational instruction and services only after the resources of the general education program have been considered and, where appropriate, utilized. Such resources may include, but not be limited to, interventions through a multi-tiered system of support, student success team recommendations, and other pre-referral resources.

ANNUAL BUDGET PLAN AND BUDGET ALLOCATION PLAN

State and Federal funds are allocated to the member LEAs for the operation of special education programs pursuant to an agreed upon budget allocation plan. The Budget Allocation Plan is the SELPA fund distribution model pursuant to applicable state and federal regulations. Each LEA in the SELPA acknowledges the obligation to maintain the level of general fund contribution towards the provision of special education services at a level equal to or greater than that of the prior year (Maintenance of Effort) and assures the maintenance of fiscal support in compliance with state and federal mandates. Each LEA understands that Part B funds will not be used to reduce the level of support beyond the amount permitted under federal law and regulations.

State Low Incidence Funds (LIF) are allocated pursuant to EC.

The SELPA Governing Board shall hold a public hearing on an annual basis to present the Annual Budget Plan.

LEAs will conform to the annual reporting procedures for state and federal funds. Pursuant to AB1200 the County Superintendent is responsible for ensuring the fiscal solvency of member LEAs.

ANNUAL SERVICE PLAN

USE OF PROPERTY TAX

County special education property tax revenue is distributed to SELPA member LEAs pursuant to SELPA Budget Allocation Plan.

SAN MATEO COUNTY SELPA DISPUTE RESOLUTION PROCESS

In the event of a disagreement among LEAs, LEAs and the RLA, LEAs and/or the RLA and the SELPA regarding the distribution of funding, responsibility for service provision and any other governance activities specified in the Local Plan, it is the intent of the SELPA Governing Board that issues be resolved at the lowest level possible. The SELPA Governing Board is the board of last resort. If any party involved in a disagreement is a voting member on the SELPA Governing Board, an alternate from an LEA with the same configuration will replace the voting member during the SELPA Governing Board resolution of the dispute. This policy is intended to resolve disagreements within a period of 45 days, but is not intended to undermine local authority.

If an LEA disagrees with a decision or practice of another agency or the SELPA, that LEA has a responsibility to discuss and attempt resolution of the disagreement with the party, or parties, directly involved. The parties involved will present the issues to their respective superintendents, or designees, who will attempt to resolve the matter. Either party may request the assistance of the SELPA Director, or his/her designee, or the Chair of the SELPA Governing Board. If this process fails, the parties may pursue a hearing on the issues and resolution with the SELPA Governing Board.

If either party disagrees with the recommendation of the SELPA Governing Board, and the dispute relates to the distribution of funding, the responsibility for service provision or other governance activities specified within the Local Plan, the party may submit the dispute to mediation. The parties will make a good faith effort to mutually agree to a mediator with expertise related to the dispute. If the parties cannot agree on a mediator, the parties will submit the dispute to the Peninsula Conflict Resolution Center for selection of a mediator.

Any dispute unresolved in mediation, arising from a dispute that relates to the distribution of funding, the responsibility for service provision or other governance activities specified

within the Local Plan shall be settled by arbitration. The arbitration decision shall be made by a panel of three, including one person appointed by each party and a neutral chair of the panel selected by the other two panel members. If the parties agree, the mediator involved in the parties' mediation may be asked to serve as the panel chair.

Each party shall bear its own costs and expenses and an equal share of the mediator's and/or arbitrator's and administrative fees of arbitration. The power and jurisdiction of an arbitrator shall be limited to adjudicating the rights and responsibilities of the parties. The arbitrator shall not have the power to determine constitutional issues or issues outside the scope of Education Code section 56205(b) (5).

Guidelines

The SELPA Director will be responsible to collect all data required by the CDE related to special education budgets and services, and report them annually.

SELPA staff will support all the members of the SELPA in the collection of data related to compliance, due process procedures, availability of services, key performance indicators, etc.

FULL EDUCATIONAL OPPORTUNITY

Rationale

One of the primary goals of the IDEA is to ensure that every child has access to the general curriculum. At the same time, it defines special education as "specially designed instruction." In order to allow children their best opportunity to access a Free and Appropriate Public Education (FAPE) in the Least Restrictive Environment (LRE), the SELPA has a responsibility to facilitate a balance and understanding of the requisite elements.

Policy Statement 20 USC 1412(a)(2)

The San Mateo County SELPA is committed to ensuring that all children regardless of their disability have access to the general curriculum to the maximum extent appropriate. Therefore, a focus of personnel development activities and support to all member LEAs will be to facilitate professional growth and student achievement through curricular alternatives to all students, including modifications and accommodations, as appropriate.

Guidelines

All children with disabilities, including those with low incidence disabilities, will be given the opportunity to participate in the general curriculum and will be provided appropriate curricular accommodations and modifications.

SELPA staff will support statewide and local efforts to pilot and implement curriculum options designed to support children with varying learning needs.

SELPA staff will be available to support students and their teachers whose needs for curricular support are beyond the LEA's expertise.

DATA COLLECTION AND DEVELOPMENT OF DATA SYSTEMS

Rationale

CDE requires each SELPA the collection of specified data in such a manner as to be communicative with the data system of the State.

Policy Statement

The SELPA shall design and implement a data collection and storage system that will provide for the management and reporting of required data for state and federal systems. The SELPA will continue to work with the State's Department of Data Systems to collect and report all required data related to special education fiscal and program services, and to provide other pertinent information necessary for the operation of the SELPA.

Guidelines

The SELPA staff will strive to support a system which is responsive to the data needs of the LEA.

The SELPA staff will implement a continuous improvement model of data collection.
