

# MAC BARNETT: AUTHOR VISIT PRE-ORDER FORM

Wednesday, January 30, 2019

**Before Mac Barnett was an author, he was a kid. And while he was a kid, he was....  
a SPY!**

This hilarious mystery series takes readers on a whirlwind trip across Europe and through history. Mac Barnett combines true events and real people (including the Queen of England and a notorious jewel thief) with funny and rueful memories of growing up in California in the 1980's. He gives these stories just the right amount of intriguing facts and suspense while keeping readers laughing from start to finish.
